Addendum #1

Answer to question**

1. While reviewing the Request for Bid document, I noticed that the proposal should be based on an average daily population of 90. Our current contract with Colleton County is operating under an ADP of 110 and according to our records, has averaged 107 for the first four months of this year. I wanted to double check that the intentions were to decrease this figure. **Answer: "Patient population should be assumed to avg. 110 patients/month (in lieu of 90) based upon the most up-to-date figures."**
